### **Exclusive Gift and Homewares from Modern Form Designs**

Several stunning new collections of spa sets including candles, incense, potpourri and a range of exquisite stationery and photo albums are now available for retailers with Modern Form Designs securing Australian distribution rights for Fabiola Design products.

This season's collection of the Fabiola range includes: Orchid Garden, Ocean, Jungle and Multi Colour designs.

The Orchid Garden, Ocean and Jungle designs include spa sets, note books and photo albums whereas the Multi Colour collection is currently only available in spa sets.

The beautiful Fabiola Design spa sets combine beauty and function with several size, colour and set configurations including scented candle cups, incense packs, ceramic incense holders, potpourri and floating candles.

And the hand made casings are fabric covered and feature printed designs, ensuring they will be kept long after the contents have been used.

Also making up the Fabiola range is a selection of bead and wire work comprising of book marks, gel candles and napkin rings; additional product ranges are available on request.

Complementing the wonderful Fabiola Design giftware is the exquisite range of Fai Sor Kam products, including aromatic candles, incense, and designer home textile products featuring table cloths, runners, napery and decorator pillow cases.

Fai Sor Kam's aromatic candle range feature evocative scents including mandarin, nardo, freesia, pekoe tea, nutmeg vanilla, rose and the delightful cattleya.

Available in many different designs and sizes the aromatic candles are sourced from Thailand and feature exquisite French and American perfumes.

The range of textiles are all of superior Thai cotton with modern colours and designs. Their texture and finish are of high quality, including double seam stitching for long lasting enjoyment and again, they are only available through Modern Form Designs.

Modern Form Designs' Director, Helen Koss, said both ranges were breathtaking in beauty and function. "I first saw Fabiola and Fai Sor Kam products when travelling in Thailand and was impressed by their quality and unique designs," Ms Koss said.

"These are products that captivate the senses and I was surprised to find nothing quite like them in Australia even though export markets to America and Europe are flourishing.

"I feel privileged to be able to present such wonderful products to Australian retailers as they offer consumers a style of giftware and homewares that are distinct."

Modern Form Designs are currently seeking Australian retailers to stock the Fabiola and Fai Sor Kam ranges and will be exhibiting at future gift fairs.
